

*"There where you are, God is".*  
St Mary of the Cross MacKillop

Dear Parents,

Last Sunday's Gospel was the story of the Road to Emmaus, where the disciples walking along the road, deep in conversation about the recent events of Jesus' death and resurrection, fail to recognise the stranger who joins them. This is also true for us. Many times we are so busy with our own affairs that we fail to recognise and remember Jesus who walks alongside us always. Our Formation Goal for this year is to further develop our awareness of Jesus' presence in our life and how we can make connections to the Christian Scriptures in the New Testament. Sometimes we think God abandons us in our time of greatest need. In fact, that is the time that God is closest and we receive the greatest strength and grace.

*One night I dreamed a dream.  
As I was walking along the beach with my Lord.  
Across the dark sky flashed scenes from my life.  
For each scene, I noticed two sets of footprints in the sand,  
One belonging to me and one to my Lord.*

*After the last scene of my life flashed before me,  
I looked back at the footprints in the sand.  
I noticed that at many times along the path of my life,  
especially at the very lowest and saddest times,  
there was only one set of footprints.*

*This really troubled me, so I asked the Lord about it.  
"Lord, you said once I decided to follow you,  
You'd walk with me all the way.  
But I noticed that during the saddest and most troublesome times of my life,  
there was only one set of footprints.*

*I don't understand why, when I needed You the most, You would leave me."  
He whispered, "My precious child, I love you and will never leave you  
Never, ever, during your trials and testings.  
When you saw only one set of footprints,  
It was then that I carried you."*

**Great news!!! - OLA Library opens next week!**

Thank you to Mrs Wagner for all her hard work in preparing this beautiful new space for the students and promoting a love for reading and books.

Since the school opened in 2010, we have never had a library as such but Mrs Wagner did a great job in utilising what was the staff study as a makeshift library for the students.

I am sure everyone is looking forward to visiting each week, once again. The library will also be open on some days at recess times to be enjoyed by the students.

## Literacy News

### Helping Your Child with Spelling:

**Develop auditory and vocal skills.** Good spellers are usually good readers and good speakers and vice versa. Using the school or local library helps your child develop some of these skills. Children need to use the language they will be writing. Give your child the opportunity to talk with you.

### Literacy Professional Learning:

This year our school's literacy goal is for all students to use richer vocabulary and develop skills and strategies to improve their spelling.

During the holidays, fifteen staff members attended a course presented by Misty Adoniou, a Senior Lecturer in Language Literacy and Teaching English as a Second Language at the University of Canberra. In her workshop, teachers looked closely at the linguistics of words and ways in which etymology (word origins), morphology (meaning components), phonology (sounds) and orthography (spelling conventions) provide strong, multiple pathways into learning words.

Staff will continue to engage in professional learning by unpacking Misty Adoniou's book, **Spelling It Out: How Words Work & How to Teach Them** during this year's staff meetings.

Last Friday, staff engaged in the professional development course, **Seven Steps to Writing Success**. This K-6 writing program aims to empower teachers to inspire our students to rapidly improve their writing skills and more importantly, learn to love writing. A wonderful day of learning for our staff.

### Next week's WOW words are:

**Infants:** crackle

**Primary:** magnificent

## UNIFORM

Typically, the weather can be unpredictable at this time of year. When the students return to school for Term 2, there is a period of three weeks where there is flexibility between summer and winter uniform. The whole school needs to be in WINTER uniform for Week 4.

Please note that the school jumper takes priority over the bomber jacket, which is only intended for extreme cold weather and worn over the jumper. Long sleeved tops worn under short sleeve shirt/sports shirt is not uniform.

## From the classroom...3W and 2B

3D shapes are everywhere and 3W has learnt this through exploring our playground. This week we have put our detective hats on to locate as many 3D shapes in the school playground. We then discussed what the difference is between pyramids and prisms. Here are some 3D shapes we found - can you name them?

This week 2B has been learning about 3D shapes in Mathematics. Here are some pictures of the students creating their own 3D shape and investigating the faces, vertices and edges of each shape.

## PBS4L Update

***Congratulations*** to the following students who have recently been presented with their Archangel medallions: Kiara Wijaya, Paityn Ng, Katia Lesar and Denzel Chang. We are very proud of the way in which you show respect for yourself, others and the environment!

Each term we acknowledge the class which has received the most angel cards per student.

Congratulations to 4G who have achieved the class award for term 1. They will soon choose a fun activity as their reward.

Next week, our lesson focus will be around respecting our safety and what is considered '*out of bounds*'. In our school and local community there are areas which are 'out of bounds' for safety reasons. Perhaps you can find some near your home, building sites, local parks or shops. Discuss why some areas might be *out of bounds*.
